

## PRESS RELEASE

# ANDY WHITE

## NEW LP *'THE GUILTY & THE INNOCENT'*

*Limited Edition Vinyl release date November 24, 2017*

"One of the finest songwriters of his generation" *Dave Haslam, R2 Magazine*

"Breathlessly edgy and somehow heroic" *Colin Irwin, FRoots*

"I love this man and his music." *Janice Long, BBC Radio*

"Rave On? Too right, Mr White." *Tony Clayton-Lea, Irish Times*

Belfast singer-songwriter Andy White is writing songs about politics again. You know why.

Influenced both by touring his career retrospective box set last year (released on the 30th anniversary of hard-hitting debut 'Rave On'), and throwing things at the telly in response to what's going on in the world, Andy has written and recorded ten new songs and releases them as a limited edition 12" vinyl LP on November 24<sup>th</sup>. Album title is *The Guilty & The Innocent*.

Agree with it or not, it's a powerful piece of work. Songs about Trump, Jeremy, Grenfell, Manchester, refugees, Belfast. Trump again.

The unheard. There's even a language warning. The album rocks like a Neil Young album, although some of it is solo acoustic, the way he'll be touring in the UK, November 19–December 10. Full tour details below.

*Andy writes, "The Guilty & the Innocent is one half of a double album based on the twin themes of Love and Politics. But the time for these songs to be heard is now. In these times, we all have to do what we can—and this is what I can do".*

### **ANDY WHITE – UK TOUR 2017**

Andy White is a 21st Century Troubadour. From the "electrifying urgency" (FRoots) of first single 'Religious Persuasion' to his latest LP 'The Guilty & The Innocent'. In concert, Andy's a vital and engaging performer and his rare appearances in the UK are not to be missed.

Collaborating with the likes of Tim Finn and Liam O Maonlai (as ALT), writing with Peter Gabriel, recording with Sinéad O'Connor and touring with Van Morrison, Andy has had a stellar career in music while still keeping a firm grip on his "have guitar, will travel" folksinger ethos. 'The Guilty & The Innocent' is available through Proper, along with latest CD release 'Imaginary Lovers'.
